**IMPORTANT**

No two anti stress items are exactly the same shape or colour and items may have been sprayed with a release agent in manufacturing, which means we cannot guarantee print fastness or ink density. Avoid Stipples and Halftones. Solid Type and small areas of reverse print are not recommended. Squares & rectangles on some round shapes may cause an optical illusion. Prints on anti stress items can never be compared with newsprint or ads in magazines. Some White Stress items turn yellow after continued use. White print is always transparent. Silver & Gold print are recommended and are the most dense ink colour on most colours. Exact Pantone (R) colour matches not available. We will match as close as possible only. Multicolour prints not available ex stock. Anti Stress items are not toys and not suitable for children under 5 or pets. Anti Stress items may vary from shipment to shipment. If in doubt call for samples.
